WHICH CLUB DO I JOIN?

Club(s) membership is determined by:

- Your Availability
- Your Interest
- Your Location

“4-H is more than just a club. We're Family!”

CLUB MEMBERSHIP

4-H Clubs are the most traditional and effective delivery mode of 4-H programming to youth.

Club meetings are learning “laboratories” where members develop social skills including communicating and working with others, practice leadership skills, develop strong character, and become responsible citizens by participating in community service activities. It's a wonderful way for youth to become exposed to new and exciting experiences and activities in a safe and familiar environment.

Club Meetings are held once a month and generally include an ice breaker, inspiration, program, business, recreation and/or community service project. Meetings typically last 60-90 minutes. Club Meetings & Times are published in the 4-H monthly Calendar.

JOIN THE CLUB

Issue 1

CLUB OPPORTUNITY

Club Officers

Clubs generally elect officers at the end of the 4-H year in order for officers to attend a leadership training over the summer.

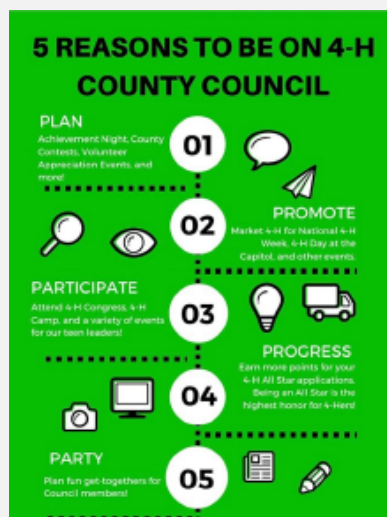

However, this year many clubs will be electing officers at the September or October 4-H Club Meeting. If you are interested in running for office please visit with your club manager regarding officer responsibilities.

COUNTY OPPORTUNITY

Council Membership

4-H County Council plan and coordinate 4-H activities in the county. The Young County 4-H Council also promotes county, district and state level 4-H activities.

County Council is comprised of 4-H members from each of the various 4-H clubs in the County. Clubs are encouraged to have two to three council delegates who will attend the County 4-H Council meetings.

Ambassadors

Ambassadors help to promote and advertise 4-H to other youth, volunteers, and community leaders. They help others understand how 4-H affects the lives of young people and how it addresses key youth issues in the community and state.

STEP THREE: GET INVOLVED!

To experience 4-H as it was intended; club, project, community service, & leadership should be on your mind.

BE A LEADER!

All 4-H Clubs create opportunities to develop and use leadership skills. Members will elect officers such as President, Vice-President, Secretary, and Treasurer. Additional examples include opportunities for youth to mentor other members, plan events, conduct fundraisers, use parliamentary procedure to make decisions, and many other leadership skills.

Each county offers a variety of opportunities for 4-H members to get involved beyond their club. Reach out to the Young County Extension Office to find out what you could do, such as serve on advisory councils, plan 4-H events, serve as mentors, help promote 4-H or teach 4-H programs... depending on the leadership role that fits you best!

STEP FOUR: PARTICIPATE!

Find the projects that interest you, check the calendar, and plan to attend to see if it fits you, your schedule, etc.

COOKING 101

Texas 4-H

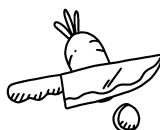

If you want to be a star in the kitchen, try the food & nutrition project! You'll learn kitchen and cooking safety, how to prepare nutritious meals and snacks, and meal ideas to reduce your risk of disease. Learning experiences focus on nutrition, food purchasing, food preparation, food safety, and related careers. Project contest opportunities include:

Food Challenge: teams of 3-4 students receive a list of ingredients and have 40 minutes to create a dish. The teams then present their dish to judges are scored on preparation, serving size, food safety concerns, nutritional value and cost.

Food Show: You choose a recipe from the contest categories and then prepare and present it to a panel of judges. During your interview with the judges, you will show how you prepared it, the nutrients and ingredients, personal dietary needs, healthy substitutions, and a cost analysis.

Family & Community Health (FCH) Quiz Bowl: A "Quiz Bowl" is a quiz game that tests teams of 4 on their knowledge of basic nutrition, consumer information, food and kitchen safety, food preparation skills and storage, and health. Up against the clock, the 4-Hers buzz in to answer a question and earn points for correct answers. Teams advance in a tournament-system bracket to win the competition.

Agriculture Product Identification: Contest provides youth the ability to further their knowledge and skills when evaluating agricultural products grown in Texas. For the Agriculture Product Identification contest, 20 Texas agricultural products are selected and exhibited at separate stations. Contestants select the correct identification of each product from four possible answers. Following the product identification, each station has one multiple-choice question pertaining to the product on display.

THE HANDS IN YOUTH LIVESTOCK PROJECTS

Texas Youth Livestock Association

One person, two hands - that means double the abilities, opportunities, talents, and skills, doubling the hands in agriculture. That prospect for achievement, work, failure, learning, and teaching lives in people spanning the earth.

That day in and day out push to raise the best, be the best, and encourage the best is seen in hundreds of pairs of hands across our lone star state every year. Texas is home to thousands of youth livestock projects during every rotation of the sun. Hogs, goats, sheep, cattle, rabbits, and equine. 4-H members work day in and day out with passion, determination, dedication, and skill to raise and exhibit livestock that are an example of the best of the best and safest in our food chain.

The hands of youth livestock exhibitors do more than raise livestock projects that are an example of the highest quality animals in our food chain. Those hands also work to learn, lead, mentor and serve. Thousands of 4-H youth, both young and old, use their hands day in and day out to succeed with livestock projects and build a better future for themselves and those around them.

RABBIT PROJECT

Project Leader: Diana Tubb

Kick-Off & Introduction - October 3

Location: Young County Arena

Time: 2PM

A rabbit project is a great way to get started with an animal project. Rabbits do not require a lot of fancy or expensive housing or equipment, which makes them one of the more affordable animal projects to begin your animal science experience. Many times youth who are living in an urban area are not able to have an animal project, but since rabbits are housed in hutches, they are great for urban and rural settings.

RANGE PROJECT: PLANT IDENTIFICATION

Project Leader: John Paclik

Practices have been Postponed until further notice due to weather and COVID concerns.

You will learn to identify all of the 74 native and introduced grasses which are listed on the Master Plant List for 4-H. The grasses in the grass contest are important for their value in making decisions about the Texas forage resources, their health, and help to determine the change that has occurred on our land base in Texas. You will learn how plants grow, grazing impacts on land, grass and plant identification and examination.

CLOVERBUD PROJECT

Project Leader: Volunteers Needed

Kick-Off Meeting - October

Location: Extension Office

Clover Kids age K-2 Grade.

Details will be emailed to enrolled 4-H Clover Kids as they become available.

BEEF PROJECT: JUNIOR COMMERCIAL STEER

Project Leader: Dancey Creel

The Junior Commercial Steer Feeding & Management Show is designed to encourage more 4-H and FFA members to participate in a practical beef production program that highlights the commercial cattle industry. Emphasis on feeding economy is not only recommended but is a prerequisite for entry in this show. This contest is designed to be a learning experience emphasizing selection of cattle, record keeping, feeding, animal health, industry standards, public speaking, and technical knowledge.

CALLING ALL HORSE ENTHUSIASTS!

Many people, young and old, are discovering the satisfaction and pleasure that horses can bring them. The 4-H Horse Project can be an exciting and worthwhile experience for both you and your horse.

The Young County 4-H Horse Project is open to all of age 4-H members and provides many opportunities for youth to learn about, work with, and exhibit equine. There is something for every age group and skill level with the opportunity of advancement or achievement always available through events such as Horse Show, Educational Presentation, and Quiz Bowl. You can also compete with your horse through breed and event associations.

Whether you grew up with horses or simply have always loved them from afar, you can learn a lot in the horse project!

Please contact Project Leader William Hysmith 254.592.9166 with any questions.

SHOOTING SPORTS

This project covers firearm safety and teaches responsible handling and use for a variety of firearms, including pistols, rifles, shotguns, muzzleloading, and archery.

In the Shooting Sports project, youth will learn: how to load and shoot a variety of firearms, proper maintenance of firearms, parts, and accessories, proper safety procedures in handling and shooting, about shooting sports competitions and how to participate, hunting procedures, laws and ethics related to shooting, hunting, and firearms use, and about careers related to firearms and shooting sports.

Requirements

All shooters must be enrolled in 4-H Online, have completed 4-H & city waivers, and have attended a safety meeting! Rules & Additional information can be located on the Texas 4-H Shooting Sports website & District 3 4-H.

ARCHERY

Coach: David Cook, William Hysmith

Archery Project will kick off with two Safety meetings on Monday, September 13th at the Archery Depot located on the corner of 4th and West. Practice will continue through the fall with two separate practice times each Monday.

Practice A - 5:30pm

Practice B - 6:30pm

All 4-H Members will need to contact Coach David to get on the practice list in order to meet all safety requirements.

If you are not active on Facebook, please shoot Coach David a message so that he can notify you of any last minute cancellations or changes that need to be communicated.

SHOTGUN

Coach: Charlie Rogers, Bradley Herpeche
Shotgun will kick-off this fall! Safety Meeting & Practice Schedule will be announced soon!

RIFLE

Coach: Rusty Hughes
Rifle practices are typically held in the Spring months beginning in February. A rifle introduction & safety meeting is being scheduled for the fall to see how many 4-H members are interested in participating. Stay Tuned!

NATIONAL 4-H WEEK

Millions of youth, parents, volunteers and alumni across the country will celebrate National 4-H Week from October 3-9, 2021. This year's theme, *Find Your Spark*, is a campaign that will encourage you to find what interests them in 4-H, empowering them with the skills they need to succeed in life and career.

Throughout National 4-H Week, Young County 4-H will showcase the many ways 4-H helps youth find their spark through hands-on learning experiences, as well as highlight the remarkable 4-H youth in our community who work each day to make a positive impact on those around them.

4-H was founded on the belief that when kids are empowered to pursue their passions and chart their own course, their unique skills grow and take shape, helping them to become true leaders in their lives, careers and communities.
