Teacher Resources

Week 1

Tip of the Week

The 5 Senses Food lesson has the students evaluating fresh carrots. This is the first of what could be a weekly sampling and evaluation of a new vegetable. See page 5 for suggestions on how to find helpers to prepare and provide these samples for your students.

Know and Show Sombrero

Classroom project-able: **PLANTS**

5 Senses Food

Classroom project-able: **I Love Strawberries**

Classroom project-able: **Sight, Smell, Touch, Sound, Taste**

Open Discussion Questions

Week 1

1A. Know and Show Sombrero

- How many of you were able build a Know & Show Sombrero?
- Who can tell me what the items on your hat represent? What are the P.L.A.N.T.S. needs?
- Why is it important for us to know what plants need?
- When I count to 3, everyone put on your hat so I can take a class sombrero screen shot!

1B. 5 Senses Food

- Who can name all 5 senses?
- Which sense do you use to eat with?
- Raise your and if you were able to be a scientist and fairly give your carrot a grade on each of your 5 senses?
- I'm going to call on a few of you to tell us your adjectives/describing words of your favorite foods and we'll try to guess that food before you tell us! Who wants to go first?
